A scenic landscape photograph of a calm lake or river. In the center, a person is standing on a blue and white paddleboard, holding a paddle. The water is a deep blue with gentle ripples. The shoreline is lined with lush green grass and a dense forest of tall, thin trees. The lighting suggests a bright, sunny day. In the top right corner, there is a solid blue rectangle containing the text 'visit estonia' in white.

## 1. WELCOME AND INTRODUCTION

It is our pleasure to welcome you back to WRC Rally Estonia for the fourth time in a row! Together with the FIA, the WRC Promoter, the Estonian Government, our good supporters and partners and the professional organising team, it is our greatest pleasure to organise a World Rally Championship event here in our small but innovative Estonia. The year 2022 was of significant importance to the whole WRC series, as it was the 50th anniversary season, offering a look back through the history and giving additional spark to the 2022 year season.

Our core mission is to offer a high level of organisation, an unforgettable experience and extraordinary emotions to the crews, teams and spectators and we are excited to announce that there will be some improvements and innovations within the 2023 event. Rally Estonia introduces you to a completely new Shakedown, as well as one new special stage on Sunday which - we are confident - will offer a lot of excitement to the drivers, as well as fans. The Rally HQ, Media Center and Service Park will remain on the territory of the Estonian National Museum, whereas Service Park will have a new and improved concept – bringing in much more entertainment, commerce areas and the Service Park access will be free of charge for all spectators. The Ceremonial Start and finish of the event will be taking place on the podium, located at Tartu Town Hall square, whereas the Powerstage podium will remain on the picturesque lake of Leigo, close to the finish of the Kambja Special Stage.

Similar to last year, we are welcoming the Estonian Rally Championship drivers to join in at the rally weekend. Round 4 of Estonian Rally Championship will be run as a separate event, where the participants will compete on SS2, SS3, SS4 and SS8 after the first passage of the WRC rally participants.

The whole organising team is giving their maximum effort to make WRC Rally Estonia 2023 full of adrenaline and unforgettable emotions to all participants and we hope for a nice and sunny weather to experience Estonian summer to the fullest.

Looking forward to seeing you in Estonia!

Urmo Aava  
Rally Director

## 1.1 ENVIRONMENTAL POLICY

The organiser of WRC Rally Estonia 2023 promotes environmental awareness and makes every effort possible to ensure that the event causes as little ecological stress for environment as possible. In 2022, we achieved the 3-Star Level of the FIA Environmental Accreditation Programme and we will give our maximum effort to maintain this level and improve.

WRC Rally Estonia takes responsibility about climate change and carbon footprint in our field, calculates carbon footprint and continues offsetting emissions via compensation – planting trees. Our goal is to reduce the environmental impact by monitoring performance indicators and taking remedies in the main impact areas. Partners will be involved to fulfilling our vision through procurement policy, communication and training. Relevant stakeholders have been identified and we cooperate to achieve the goal.

Regarding the FIA Environmental Programme, evaluating and reducing the environmental impact of motorsport is playing an integral role. Based on the FIA's recommendations the event organisation has improved the training of marshals, formal documentation and monitoring of the environmental performance. We have improved the monitoring of the event carbon footprint and waste management system and want to be a good example in terms of environmental issues nationally as well as internationally.

WRC Rally Estonia considers important to participate in discussions of sustainable development together with scientists, other organisations and public. For that purpose we have joined the Rohetiiger (Green Tiger) programme as a founding member. Rohetiiger is a cooperation platform with an objective to become a representative organisation in sustainable development discussions, to lay down the foundation to balanced economy and to perform a green leap in Estonian society.

# Rohetiiger

Key elements for WRC Rally Estonia 2023 will be to put effort into increasing the environmental awareness not only in the members of organisation and stakeholders but also among spectators, partners and teams. Environmental issues, such as selecting eco-friendly products and local services and reducing emissions are taken into consideration and uniquely identified with each partner company. In order to promote environmental sustainability and enhance responsibility we aim to implement the following activities and ask our partners to follow them as well:

- Promote environmental awareness in all our channels and communication.
- Comply with all relevant laws and regulations, including environmental requirements and FIA Environmental Accreditation Programme.
- Require environmental responsibility from stakeholders, cooperative partners and suppliers
- Pay close attention to cooperating with all landowners, residents and road owners.
- Set environmental objectives and targets, and measure them.
- Concentrate on energy efficient and sustainable solutions, for example using renewable energy sources when possible.
- Reduce the number of documents printed on paper, preferring digital formats and printing only the documents required by the FIA.
- Reduce carbon emissions - use hybrid or electric cars as most of the organisational vehicles, hold online meetings.
- Search for ways to optimise transportations and logistics to decrease emissions as much as possible: carpooling, public transportation.
- Make a thorough plan for emergency situations and implement it actively.

## 1.2 HISTORY OF RALLY ESTONIA

The idea to organise a new rally was born over 12 years ago when Silver Kütt, a co-driver with the experience of participating in seven WRC rallies, presented his idea to his good friend, a former WRC driver Urmo Aava. After sharing the idea with a “marketing mastermind” Tarmo Hõbe, who named the new rally “Rally Estonia”, first steps were taken.

The idea that first seemed unbelievable back in 2009, has grown year by year and now Rally Estonia has become a WRC event. The first Rally Estonia took place in 2010 and the first ever winner of the rally was the local hero Markko Märtin who won five World Championship rallies during his WRC career. The first two-time champion of the event was Mads Østberg, the winner of Portugal WRC Rally 2012, who was fastest at Rally Estonia in the years 2011 and 2012.

The high level of competition, having Märtin, Østberg and Latvala family participating among others, raised the bar high for the organisers to keep. From 2014 until 2016 Rally Estonia was part of the European Rally Championship (ERC) and in 2014 it was voted as the best ERC rally of the year. In 2019, Rally Estonia hosted the first ever WRC Promotional rally. In June 2020 Tarmo Hõbe received a call from WRC Promoter CEO Oliver Ciesla who offered Rally Estonia to organise the first ever World Championship event in Estonia.

Estonia became the 33rd country in WRC history to host a WRC event. After a half year break in WRC calendar due to the COVID-19 virus, the first ever official WRC Rally Estonia and the 600th event in the history of WRC was run from 4-6 September.

The first winners of WRC Rally Estonia were the local heroes and 2019 World Champions Ott Tänak – Martin Järveoja.

On 11th of January 2021 Rally Estonia organising team won the ASAHI KASEI TEAM SPIRIT AWARD and two days later Rally Estonia organisers and the WRC Promoter announced that Rally Estonia will stay in WRC calendar for the years 2021 and 2022. In 2020 Rally Estonia celebrated the 10th anniversary and in 2021 Estonian auto- and motorsport celebrate 100 years.

Besides local stars Rally Estonia has welcomed many world top rally drivers over the years, such as WRC drivers Sébastien Ogier, Elfyn Evans, Thierry Neuville, Esapekka Lappi, Jari-Matti Latvala, Teemu Suninen, Craig Breen, Hayden Paddon, Yazeed Al-Rajhi, Martin Prokop, Toni Gardemeister and ERC Champions Alexey Lukyanuk, Kajetan Kajetanowicz and young rising star Oliver Solberg.

The only crew who has won Rally Estonia three times in a row are the local heroes and 2019 World Rally Champions Ott Tänak and Martin Järveoja.

In 2021 Kalle Rovanperä and his co-driver Jonne Halttunen took the first win of their WRC career at Rally Estonia. With that achievement Rovanperä made WRC history becoming the youngest WRC Rally winner of all time at the age of 20 years and 289 days.

In 2022 Rovanperä / Halttunen repeated the result they achieved a year before and became double winners of WRC Rally Estonia. 22-year-old Robert Virves set a new record with most Special Stage wins in the Junior WRC Category at a single rally event. The Estonian won 17 stages – one more than the previous record holder World Champion Sébastien Ogier.

## 5. SERVICE PARK

### 5.1. LOCATION AND SERVICE SPACE

The Service Park is located at Raadi airfield, Tartu.

**GPS coordinates: N 58° 23.821 E 026° 45.110**

Surface: concrete/asphalt

Manufacturers and other championship competitors will be allocated a designated space in accordance with 2023 FIA WRC Sporting Regulations.

Other legal and private competitors will be allocated an area of 12 m x 10 m.

In agreement with the Organiser, competitors may order additional service space with the price of 25 EUR/m<sup>2</sup> + 20% VAT, in case there is still additional space available in the Service Park.

If a competitor has multiple competition cars to be located together in Service Park, the application for consecutive Service Areas must reach the Organiser by Tuesday, 20 June.

After the entry closing date, the layout of Service Park displaying service space designated to each competitor will be published on Official Notice Board.

**NB! For all competitors the driving way and access to each individual service space is on the rear side of the allocated areas. The view to the service space should not be blocked to the spectators in the front side of the service space.**

### 5.2. ACCESS TO SERVICE PARK

**NB! Only vehicles with Team and reconnaissance plates issued by the Organiser are allowed to access the Service Park.** An access map for trucks and team vehicles will be published with Rally Guide 2. The vehicles must be clearly identified by designated sticker plates affixed on the windscreen. Removal of the sticker is prohibited until the end of the rally.

Auxiliary plates will be issued according to the entry packages.

#### ➤ **Parking in the Service Park**

A designated parking area inside the Service Park will be set up behind the teams' service spaces. Cars carrying Team and recce plates are allowed to park in this area.

#### ➤ **Trailer Parking**

It is possible to park trailers at the end of the Service Park in the designated area.

#### ➤ **Auxiliary Parking**

Auxiliary parking is located near the Service Area.

### 5.3. ACCESS TIMES FOR SET-UP AND OPENING HOURS

Please contact the Service Park Manager mr. Mirko Usin phone +372 53 304 798, e-mail [service@rallyestonia.ee](mailto:service@rallyestonia.ee) for direction to your allocated service area.

#### CLIMATE AND WEATHER

The weather in Estonia is largely dictated by its closeness to the Baltic Sea.

In the summer the skies are blue and temperatures can reach 30° C. The summer average is a very pleasant 16.4°C. The weather forecast in Estonia is available via [weather.ee](https://www.weather.ee).

#### TRAFFIC

- Estonia has right-hand traffic and an extensive road system, the quality of which varies.
- Visitors need driving license, provided it is valid for the class of vehicle they wish to drive.
- The maximum speed limit is 90 km/h, in residential areas 50km/h, unless otherwise indicated. In the summer, the speed limit is 110km/h on some highways. A driver who has exceeded the speed limit can be punished with a financial penalty, an arrest, suspension of the right to drive or vehicle confiscation.
- Estonian highways tend to be narrow, therefore it's important to pay attention to the speed limits and to pay extra attention when overtaking. Speed cameras are common in Estonia and speeding is rarely tolerated.
- The use of front and rear seat belts is compulsory.
- The blood/alcohol limit in Estonia is 0,2 milligrams of alcohol per litre of blood. Driving while under the influence of drugs and alcohol is prohibited and strict penalties are in place for anyone caught doing so.

- It is illegal for drivers to use a mobile phone without a hands-free device and holding a telephone in hand while the vehicle is moving.
- Headlamps must be on at all times while driving.
- When moving on the road in poor visibility or at night-time, a pedestrian must use a reflector or a light source.
